

Notice of variation with introductory note

The Environmental Permitting (England & Wales) Regulations 2016

Brett Aggregates Limited

East Hall Farm
New Road
Wennington
Rainham
Essex
RM13 9DS

Variation application number

EPR/EB3201HA/V002

Permit number

EPR/EB3201HA

East Hall Farm

Permit number EPR/EB3201HA

Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This variation notice amends the waste codes that can be accepted on site; several waste codes have been removed from the list of permitted wastes to align with the waste types detailed within 'The Landfill Tax (Qualifying Material) Order 2011'. Table S2.1 has also been amended to include an additional restriction/notes that states all waste accepted must be listed within the Landfill Tax (Qualifying Materials) Order 2011 at the request of the operator.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Application EPR/EB2301HA/A001	Duly made 03/05/2017	Application for inert landfill, soil treatment facility and use of waste for restoration with discharge to surface water.
Additional information received	19/09/2017	Submission of schedule 5 response letter v6 Final to EA; Dust Action Plan; Drawing 007 – Environmental Monitoring, dated September 2017; Drawing 010A – Local Hydrogeology and Hydrology, dated September 2017; Drawing 010B - 'Hydrogeological Cross Section A-A', dated September 2017; Drawing 010C – 'Hydrogeological Cross Section B-B', dated September 2017; Drawing Groundwater Quality graph; Notice of Decision for discharge of condition C13 (Operations method statement) and C20 (Dust control) of Planning Permission no. P0271.14, and Noise modelling study spreadsheet. Further information relating to the discharge and designated sites, species and the impact upon the watercourse.
Additional information received	13/10/2017	Submission of LandSim modelling files and modelling results; Further information to noise modelling co-ordinates and boundary drawing.
Additional information received	11/01/2017	Submission of Hydrological Risk Assessment.
Additional information received	12/01/2018	Submission of letter response, site layout drawing 004.
Additional information received	20/02/2018	Submission of Dust Management Plan v2 final;

Status log of the permit		
Description	Date	Comments
		Updated expenditure plan and Appendix F – Waste Acceptance Criteria.
Additional information received	08/03/2018	Submission of SoundPlan data files.
Additional information received	16/03/2018	Submission of updated Drawing 007 'Environmental monitoring' plan.
Additional information received	04/05/2018	Submission of confirmation of total quantity of waste imported for the engineering of the geological barrier.
Additional information received	13/06/2018	Submission of email response and attached documents: Hydrological Assessment of Proposed Discharge including Appendix HA1, HA2, HA3 and HA4 dated June 2018.
Additional information received	18/06/2018	Submission of BS4142 Noise assessment report and Noise Management Plan.
Additional information received	19/07/2018	Submission of EHF08 borehole log and EHF 02 B - Borehole Location Plan.
Additional information received	02/08/2018	Submission of updated Drawing 007 'Environmental monitoring' plan.
Permit determined EPR/EB3201HA	08/08/2018	Permit issued to Brett Aggregates Limited.
Application EPR/EB3201HA/V002 (variation)	Duly made 11/11/2019	Application to remove waste codes.
Variation determined EPR/EB3201HA	02/01/2020	Varied permit issued.

End of introductory note

Notice of variation

The Environmental Permitting (England and Wales) Regulations 2016

The Environment Agency in exercise of its powers under regulation 20 of the Environmental Permitting (England and Wales) Regulations 2016 varies

Permit number

EPR/EB3201HA

Issued to

Brett Aggregates Limited (“the operator”)

whose registered office is

**150 Aldersgate Street
London
EC1A 4AB**

company registration number 00316788

to operate a regulated facility at

**East Hall Farm
New Road
Wennington
Rainham
Essex
RM13 9DS**

to the extent set out in the schedules.

The notice shall take effect from 02/01/2020

Name	Date
Tracey Pollard	02/01/2020

Authorised on behalf of the Environment Agency

Schedule 1 – conditions to be deleted

None

Schedule 2 – conditions to be amended

The following conditions are amended as a result of the application made by the operator.

Table S2.1 as referenced in condition 2.7.1(a) is amended as follows:

Table S2.1 Permitted waste types for disposal at a landfill for inert waste	
Waste code	Description
01	Wastes resulting from exploration, mining, quarrying, and physical and chemical treatment of minerals
01 04	wastes from physical and chemical processing of non-metalliferous minerals
01 04 08	waste gravel and crushed rocks other than those mentioned in 01 04 07 ^[1]
01 04 09	waste sand and clays ^[1]
01 04 12	tailings and other wastes from washing and cleaning of minerals other than those mentioned in 01 04 07 and 01 04 11 ^[1]
17	Construction and demolition wastes (excluding excavated soil from contaminated sites)
17 01	concrete, bricks, tiles and ceramics
17 01 01	concrete ^[1] ^[2]
17 01 02	bricks ^[1] ^[2]
17 01 03	tiles and ceramics ^[1] ^[2]
17 01 07	mixtures of concrete, bricks, tiles and ceramics other than those mentioned in 17 01 06 ^[1] ^[2]
17 05	soil, stones and dredging spoil
17 05 04	soil and stones other than those mentioned in 17 05 03 (excluding topsoil and peat) ^[1] ^[3]
20	Municipal wastes (household waste and similar commercial, industrial and institutional wastes) including separately collected fractions
20 02	garden and park wastes (including cemetery waste)
20 02 02	soil and stones (excluding topsoil and peat) ^[1] ^[3]
<p>Note [1] – All wastes received must be listed in the Landfill Tax (Qualifying Materials) Order 2011.</p> <p>Note [2] – Selected construction and demolition waste (C&D waste: with low contents of other types of materials like metals, plastic, organics, wood, rubber etc.). The origin of the C&D waste must be known.</p> <p>No C&D waste from constructions, polluted with inorganic or organic dangerous substances, e.g. because of production processes in the construction, soil pollution, storage and usage of pesticides or other dangerous substances, etc., unless it is made clear that the demolished construction was not significantly polluted.</p> <p>No C&D waste from constructions, treated, covered or painted with materials, containing dangerous substances in significant amounts.</p> <p>Note [3] – Soil includes naturally occurring sands and clays</p>	

Schedule 3 – conditions to be added

None.
